By Associated Press.
Marquette, May 9.--When darkness fell upon this stricken town to-night, it was known that 26 lives had been lost in the tornado that wrecked part of Marquette early to-day and did much damage in the vicinity, and that 44 persons had been injured. Of these many sustained broken limbs and internal injuries. One entire family has been killed.
Order has been brought out of the chaotic condition that prevailed to-day, and the relief committee has begun dispensing aid.

Awful Work of Storm.
Marquette, Kans., May 9.--Many persons were killed, a score of others injured and a part of the residence portion of Marquette was demolished by a tornado that struck this place at midnight last night. The number of dead is estimated at twenty, but owing to the confusion following the storm, it will be some time before the actual casualties are known.
The Swedish Lutheran and Methodist churches and the opera house, block were wrecked, and dozens of residences razed to the ground. The business portion escaped with slight damage.

Aid was asked of other towns and physicians were sent from Salina and many nearby places.
The tornado struck the southern end of the town and cut a clean swath one hundred yards in width through its entire length. Coming as it did at midnight, the people were caught without a moment's warning. A heavy rainstorm had preceded the wind, and after the tornado passed a scene of complete desolation followed.

Wrought Great Havoc.
The tornado broke upon the town with great force, wrought its terrible havoc within a few minutes' time, and continuing into the rich farming country north of Marquette, caused further damage.

In Marquette many residences were completely demolished, the wreckage being carried away entirely, while others were picked up bodily, moved a short distance away and dropped to earth.
Many of the victims were killed as they lay asleep; others, maimed and bleeding, awoke to find themselves buried in the wreckage of their former homes.

Following the storm came a dull, soon the cries of the injured and frightened people could be heard on every hand. Men with lanterns appeared here and there among the wreckage, and as quickly as possible the work of rescue was begun.
Progress was slow because of the darkness, and it was sometime before anything like a systematic effort could be made to remove the injured, and before aid was asked of neighboring towns.

When daylight broke over the town it found the entire population in a state of panic. Business was entirely suspended and every one who escaped injury turned his attention towards aiding the wounded.

Residences Wrecked.
The tornado formed three miles south of Marquette and did not spend its force until it has passed many miles north of the town. In Marquette the residence portion west of the main street suffered the principal damage. The houses in the course of the tornado were all with two or three exceptions completely wrecked. In this section there were a number of modern residences of which only one, the home of R. A. Thompson, was left standing.
The Swedish, Lutheran and Methodist churches were among the first buildings struck and they, together with the parsonage adjoining the Methodist church, were demolished.
Yesterday afternoon had been hot and oppressive, the atmosphere loaded with electricity. Late in the evening a terrific rain storm broke over the town. The rain continued to fall in torrents until 11:55 last night, when the tornado struck, and within less

Orders to Prevent
Junction of Russian
Fleets in French
Waters.

JAPANESE MINISTER TO ENGLAND ADMITS SITUATION IS SERIOUS BUT HOPES FRANCE WILL TAKE ACTION TO RELIEVE TENSION--ROJSTVENSKY HAS SAILED.

By Associated Press.
Tokyo, May 9.--The feeling of resentment against France for assistance given the Russian Second Pacific Squadron continues to run high and is finding expression in various ways. The nearness of the Russian squadron and the nature of the preparations Rojstvensky has made in French waters seems to have suddenly convinced many people that it would be impossible for Rojstvensky to come to the far east without outside assistance, which has given a sinister tone to popular resentment. In the crisis many eyes are turned toward Great Britain for assistance.

WILL PREVENT JUNCTION OF RUSSIAN SQUADRONS.

Paris, May 9.--Orders have been sent to the civil and naval authorities in French Indo-China not to permit junction within French waters of the Russian naval forces under Admiral Rojstvensky and Rear Admiral Nebotoff. Instructions have also been sent to Admiral Jéquieres, the French naval commander, to see that Rojstvensky fully observes the promise already given to leave French waters.

The announcement was made to-day that the French government will publish a yellow book concerning French observance of neutrality during events in the far east. The publication will contain the instructions sent to officers and agents and the telegrams exchanged. It is said these will show the precautions taken to prevent a violation of French neutrality. One purpose of the publication is to answer reports recently circulated alleging specific breaches of neutrality.

BARON HAYASHI ON THE SITUATION.

London, May 9.--Baron Hayashi, the Japanese minister, said to-day: "Although the situation is very difficult there is no crisis; at the same time it would be unwise to allow popular feeling in Japan to be further inflamed as it might become serious. This will undoubtedly be appreciated in France and there is every reason to suppose that France will see a way to relieve public anxiety and render the possibility of an extension of the sphere of conflict out of the question."
Baron Hayashi added that he was in a position to deny absolutely reports that the Japanese have violated the neutrality of French or Dutch waters.

ELEVEN ENTRIES IN KAISER'S RACE

YACHTS BEING PREPARED FOR
TRANSATLANTIC CUP CONTEST AND WILL START
MAY 16.

By Associated Press.
New York, May 9.--The eleven yachts entered for the Kaiser's cup race across the Atlantic from Sandy Hook lightship are being given their final preparations for the contest. By the end of the week all will be ready for the start on May 16, and a day or so before that time the majority will be at anchor inside Sandy Hook awaiting the official send away. Most of the yachts already have been docked and the auxiliary propellers removed, leaving no means of propulsion except by sail, and from now on the crews will be busy taking aboard stores for the long voyage.

Early to-day a representative of the Associated Press made the rounds of the different places. In one room in the Lutheran parsonage he found six injured and in an adjoining room were five corpses. In half a dozen other houses similar scenes were found. Dr. Lund, the Lutheran pastor, passed about among the suffering and ministering to their comfort, while two score other persons, working under his direction, cared for the injured at other points.

BUSINESS RESUMED

On an Almost Normal
Scale by Big Companies in Chicago.

PROTECTION OF POLICE

IN SOME INSTANCES DISPENSED WITH--INDICATIONS ARE THAT STRIKE WILL SPREAD--NO SERIOUS RIOTING ON STREETS YESTERDAY.

By Associated Press.
Chicago, May 9.--The department stores and express companies to-day resumed business on an almost normal scale and sent wagons into all parts of the city, in some instances without police protection. Notwithstanding this apparent gain, there are still indications to-night that the strike will spread within the next few days, not only among teamsters, but among unions as well. There was some rioting to-day, but it consisted mostly of rear guard actions and was not as serious as previously.

BIG AUTOMOBILE WRECKED ITSELF

STARTED SUDDENLY, RAISED
CAIN GENERALLY AND THEN
WENT OVER EMBANKMENT.

By Associated Press.
Portland, Me., May 9.--A large touring automobile, just purchased by W. B. Thombs, has caused much excitement in the streets here and finally destroyed itself.
A few hours after Thombs bought the car it suddenly jumped away from the roadway in front of his home on the eastern promenade, running over and slightly injuring one man, causing two runaways, scattering people right and left. Finally the machine swerved to the left and out of the street and plunged over a forty-foot embankment to the railway tracks, near which it brought up, a total wreck.

TROLLEY CARS IN COLLISION

THIRTY PERSONS INJURED IN
STATEN ISLAND WRECK,
ONE OF WHOM
MAY DIE.

By Associated Press.
New York, May 9.--In a head-on collision between two trolley cars on Staten island, thirty persons have been injured. Mrs. Dora Davidson, of New York, will probably die.
Both cars were well filled with passengers, when they came together. The platforms of the cars were battered to splinters and many of the passengers were hurled to the pavement. All were severely cut and bruised, except Mrs. Davidson, who was hurt internally. Misunderstanding of signals is said to have caused the accident.

WIND AND RAIN IN CINCINNATI

CONSIDERABLE DAMAGE FROM
STORM WHICH STRUCK CITY
MONDAY NIGHT.

By Associated Press.
Cincinnati, May 9.--Reports received to-day indicate that the damage from the wind and rain storm which struck this neighborhood late yesterday was more severe than at first indicated. In this city Trinity Methodist church, which was recently repaired and redecorated, was badly damaged. The steeple of the Cumminsville Lutheran church was blown away and a number of residences in various parts of the city were badly damaged, while trees in and near the city were blown down and considerable minor damage was done.

THROUGH LINE TO THE GULF

COLORADO AND SOUTHERN DIRECTORS ADOPT RADICAL MEASURES TO THAT END.

By Associated Press.
New York, May 9.--At a special meeting in this city the directors of the Colorado and Southern railway have, according to the Herald, adopted radical measures for the carrying out of the program they contemplate in making the Colorado and Southern a through line to the gulf.
To this end they decided to incorporate the road in another state and ask the stockholders to authorize a \$100,000,000 bond issue at their meeting in Denver on June 15.
Of the \$100,000,000 in bonds \$27,000,000 are for the purpose of refunding underlying bonds and \$17,000,000 are intended for taking over the Fort Worth and Denver City railway, buying the Trinity and Brazos Valley road to Houston, Texas. Among other acquisitions contemplated is the Colorado Springs and Cripple Creek railway. These plans, which have been frequently alluded to recently, will, in a measure, cause a regrouping of railroad interests over a large territory in the southwest.
